

IN THE BUSINESS WORLD, conditions can be just as rough
AS THEY ARE OFFSHORE

A SYMBOLIC GIFT OF ASSURANCE:
Real Gear Designed by Real Sailors

Atlantis
WEATHERGEAR®

This year appreciate your employees, customers and partners with a gift of assurance: that you will navigate this uncharted business climate together.

A waterproof/breathable jacket or vest from Atlantis WeatherGear. Real Gear designed by real sailors to navigate life's harshest conditions.

| AEGIS JACKET

It means "protection by a strong force" –

Our flagship line of innovative coastal gear more than lives up to its name!

| MICROBURST JACKET

With so many top-notch features, like its lightweight packability, it's no wonder this shell is a must-have for so many marine-minded people.

| GRAND PRIX VEST

Like any sailor worth their salt: rugged on the outside, soft on the inside.

You feel its heritage as soon as you put it on.

| MICROBURST JACKET (women's)

Available in two great colors, the same Blue Depths as the men's with Slate Rose highlights & light grey panels, and Slate Rose with Blue Depths/grey.

| GRAND PRIX JACKET

Destined to become the favorite in anyone's gear inventory!

Hugely comfortable and as functional as it is attractive.

| MICROBURST VEST

Delivers the same feature-packed punch as the jacket, but specifically designed to cater to the core.

Holds a logo really nicely!
